FREE BILL REVIEW

Let's be honest: most of the energy sales mumbo jumbo on your desk belongs in the *garbage*.
So here we go... fingers crossed this one is the exception.

I'm Jason, an energy advisor. I help local businesses cut their electric bills.

Send me one recent electric bill.

In a week, I'll tell you in writing whether there's money on the table. **No savings, no project.**

WHAT WE LOOK AT

- ✓ Your whole electric bill
- ✓ Pumps & drives
- ✓ HVAC
- ✓ Lighting
- ✓ Electrical
- ✓ Solar: roof, carport or land
- ✓ Roofing
- ✓ Electric & gas supply contracts
- ✓ SREC sales, lower fees

HOW IT WORKS

1. **Send one bill**
   Your latest: a photo, a PDF or just forward it.
2. **A written answer in a week**
   Where the money is, what it saves, the payback.
3. **Then you decide**
   A walk-through only if it pays. You pick how to pay.

Text a photo to 717-858-4058 or email jason@commercialenergyaudit.net. No budget needed.

WAYS LOCAL BUSINESSES ARE SAVING

$48,600
saved in year one
Appleby's Drug Store: solar on two roofs, Mount Union PA.*

83%
of the store's power
made on its own roof, paying for itself in under 4 years.*

~35%
off a church's bill
One local church, just by upgrading HVAC and lighting. And there's more to do.

IDEAL FITS Manufacturers · Churches · Hotels · Stores & offices · Golf · Pools · Food & dairy · Car dealerships

TRUSTED LOCAL PARTNERS

Sundra Solar & Exteriors · R.S. Bortner Inc. · DeRock Electric Co.

*Appleby's: projected, from its signed proposal (2025), savings at 22¢/kWh. Church: its own figure, from new HVAC and lighting.
Your savings depend on your building, your equipment, your hours and your rates: the written report shows yours.
